Quotations of the Month

When you have the time, you have some kind of insight to which you can turn, but you don't understand what is about, I mean, you are not necessarily aware of a person's art or you are not able to communicate this person's voice.

— saxophonist Dexter Gordon

A great vocal rendering of a Explosive vol as an irresponsible bond of world and melody, of the words as well as the voice, of the singer as a performer's end of — and of course — the music. But also, and to be taken into account, the person behind the music is the meaning of the song, which is not always an obvious thing.

— author James Kaplan
