Lyrics of the Month

Dance

Don't you say that you'll find me
Everywhere you want to find me

But I find myself
In a place your heart can’t find me

But if you go and look for me
You won’t find me staying

But I find myself
In a place your heart can’t find me

But I find myself
In a place your heart can’t find me

But I find myself
In a place your heart can’t find me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me

Don't you dare look for me
